### STATE OFFICES

The State of Florida has too many useful agencies, divisions and departments to list here. An easy way to find information is to go to the website [MyFlorida.com](http://MyFlorida.com) (run by the State of Florida) and in the middle of the first picture is a Search box. Type in keywords or a question and a list of relevant web address will appear. Some of the information available are: Corporations and officers, Contractor Licenses, Florida Statutes as examples.
